

# ON THE MOVE

## An International Migrants Day Event

### All I want for Xmas is...

On 21 July the Skills Funding Agency announced that ESOL (English for Speakers of Other Languages) courses for students receiving Job Seeker's Allowance were to be cut with immediate effect. This has affected **16,000** individuals across the country. This is the 2nd cut to ESOL in the last 5 years and before it's too late we believe it's time to say a cut to ESOL is a cut too far!

**Come and join us for a FREE Breakfast**  
**Meet a migrant, share a story, help SAVE ESOL!**

On 20th July David Cameron said: 'At the moment we have parts of the country where opportunities remain limited ... where language remains a real barrier, where too many women from minority communities remain trapped outside the workforce, and where educational attainment is low.' The following day cuts to ESOL were announced!

**Dudley College, Stir Bistro, Priory Rd**

**Friday 18th Dec 8:30am to 9:30am**

**We hope to see you there**
